

**TEXAS AGGREGATES AND CONCRETE ASSOCIATION  
READY MIXED CONCRETE DIVISION\***

**(\*Division does not include aggregate transport or tankers, please see their division)  
SAFETY CONTEST RULES**

1. The Safety Contest will cover the calendar year 2009.
2. All members with plants located in the state of Texas are eligible to participate. Participants will be judged as independent operating units not by company. This may be as a single plant or may be several plants using a floating truck fleet. Participants cannot use the same information to enter as a single plant and as a floating truck fleet.
3. Each participating unit must submit the total hours worked for all plant employees, total number of lost time injuries and total number of reportable accidents\* involving ready mixed concrete trucks. Total hours worked shall include all hourly and salaried plant and office personnel at the site or on the property where the plant is located (see Note 1 below). Using these statistics and the formula in number five, calculate your incident rate.
4. Reports are to be submitted annually on forms furnished by the Association.
5. Recognition will be based on Incident Rate.

Incident Rate =

Total Reportable Accidents (\*OSHA Standard Lost Time Injuries & D.O.T\*) x 200,000 ÷ Total work hours

The plant having lowest Incident Rate in its group for the year will be recognized. Where more than one plant within the group has the same Incident Rate, rank will be determined according to the number of hours. No participant will be recognized with an incident ratio higher than 0.75. Any fatality is a disqualifying event.

6. Awards will be made to the unit with the lowest Incident Rate in each of the following groups:

Group 6A	Over 90 Trucks
Group 5A	61 to 90 Trucks
Group 4A	31 to 60 Trucks
Group 3A	16 to 30 Trucks
Group 2A	8 to 15 Trucks
Group A	1 to 7 Trucks

7. Awards will be given to the winner and runner-up in each group. All plants with Zero Lost Time will receive a Zero Lost Time Certificate.

Note 1 -ALL companies shall use 50 hours per week for each salaried employee not on an hourly basis. No salaried employee shall be credited with more than 50 hours per week whether or not paid overtime.

\*Reportable accidents:

- 1) Fatalities
- 2) Injuries treated immediately away from the scene of the accident
- 3) Vehicle towed away from scene of accident

\* OSHA Standard Lost Time Injury: Injured employee unable to return to next scheduled duties.

**TEXAS AGGREGATES AND CONCRETE ASSOCIATION**

**AGGREGATES DIVISION**  
**SAFETY CONTEST RULES**

1. The Safety Contest will cover the calendar year 2009.
2. All members with plants located in the state of Texas are eligible to participate. Participants will be judged as independent operating units not by company. This may be as a single plant or may be several plants using a floating truck fleet. Participants cannot use the same information to enter as a single plant and as a floating truck fleet.
3. Each participating unit must submit the total hours worked for all plant employees and the total number of lost time injuries for the year. (A lost time injury, for the purposes of computation, is one that disables an employee beyond his regular duties on the next regular workday.) Total hours worked shall include all hourly and salaried plant and office personnel at the site or on the property where the plant is located (see Note 1 below). Using these statistics and the formula in number five, calculate your incident rate.
4. Reports are to be submitted annually on forms furnished by the Association.
5. Recognition will be based on Incident Rate as follows:

$$\text{Incident Rate} = \text{MSHA Standard Number of Disabling Injuries} \times 200,000 \div \text{Total Work Hours}$$

The plant having lowest Incident Rate in its group for the year will be recognized. Where more than one plant within the group has the same Incident Rate, rank will be determined according to the number of hours. No participant will be recognized with an incident ratio higher than 0.75. Any fatality is a disqualifying event.

6. Awards will be made to the unit with the lowest Incident Rate in the following groups:

Group 5A	Over 200,000 work hours
Group 4A	100,000 to 200,000 work hours
Group 3A	60,000 to 99,999 work hours
Group 2A	30,000 to 60,000 work hours
Group A	0 to 30,000 work hours

7. Awards will be given to the winner and runner-up in each group. All plants with Zero Lost Time will receive a Zero Lost Time Certificate.

Note 1 - All companies shall use 50 hours per week for each salaried employee not on an hourly basis. No salaried employee shall be credited with more than 50 hours per week whether or not paid overtime.

**TEXAS AGGREGATES AND CONCRETE ASSOCIATION  
VEHICLE/SHOP MAINTENANCE DIVISION  
SAFETY CONTEST RULES**

1. The safety contest will cover calendar year 2009.
2. All members with Shops locate in the state of Texas are eligible to participate. Participants will be judged as independent operating units not by company. This may be as a single shop or may be several shops using a floating mechanic fleet. Participants cannot use the same information to enter as a single shop and as a floating fleet.
3. Each participating unit must submit the total number of actual hours worked, total number of lost time injuries and total number of Dot accidents vehicle accidents involving mechanics or maintenance employees. Using these statistic and the formula in number five, calculate your incident rate.
4. Reports are to be submitted annually on forms furnished by the Association.
5. Recognition will be based on Incident Rate.

Incident Rate=

Total reportable Accidents (\*OSHA Standard Lost Time Injuries & Vehicular Accidents) x 200,000  
divided by total number of actual hours worked.

The Shop group having the lowest Incident Rate in its group for the year will be recognized. Where more than one Shop group within the group has the same Incident Rate, rank will be determined according to the number of actual hours worked. No participant will be recognized with an incident rate higher than the national average per S.I.C code, published by Bureau of Labor Statistics. Any Fatality is a disqualifying event.

6. Awards will be made to the unit with the lowest Incident Rate in each of the following groups.

Group 6A	Over 90 Employees
Group 5A	61 to 90 Employees
Group 4A	31 to 60 Employees
Group 3A	16 to 30 Employees
Group 2A	8 to 15 Employees
Group 1A	1 to 7 Employees

7. Awards will be given to the winner and runner-up in each group. All shop groups with Zero Lost Time will receive a Zero Lost Time Certificate.

\*Reportable accidents: 1 Vehicular Accident

\*OSHA Standard Lost Time Injury-Injured employee unable to return to next scheduled duties.
